

In the spotlight...Andrew Cox

Q. What is your role at Method?

A. I am a CAD Technician for Building Services & Environmental engineering.

Q. What does a typical day look like for you?

A. A typical day consists of catching a bus to start work for 9, begin working on drawing markups set by the Engineers, make tea, get asked what we're doing for lunch, watch Tom W and Rob bicker, more tea, pack up and head home.

Q. What is your favourite part about working for Method?

A. I've realised after my first week at Method it's not just your typical 9-5 office job. Having such a close bunch of colleagues makes it such an enjoyable place to work and every day can be different.

Q. Three words to describe Method?

A. Engaging, professional, lively.

Q. What drew you to Method originally?

A. What drew me originally was because Method isn't a massive company but it can still create enough of an impact to the industry by taking on big projects. And I like how the company is constantly expanding.

Q. Before working at Method, what was the most unusual or interesting job you've ever had?

A. I was only really in retail before joining Method so there really isn't anything that interesting. Major James Hewitt shopped fairly often in the store I worked in though.

Q. If you could switch your job with anyone else within Method, whose job would you want?

A. Don't think I'd switch with anyone at this point.

Q. What would you do (for a career) if you weren't doing this?

A. I would probably be an Officer of the Royal Engineer in the British Army.

Q. What advice do you have for prospective Method candidates?

A. Get involved and show enthusiasm with Method and they'll take good care of you as you progress through your career.

and the fun questions!

Q. Three things most people don't know about you.

1. Visited 25 different countries by the age of 19
2. Can speak fluent Indonesian
3. I have scars behind my ears from when I got attacked by a monkey... (true story)

Q. If you were stuck on an island what three things would you bring?

1. Swiss army knife
2. Wilson volleyball
3. Bear Grylles

Q. What book did you last read?

A. What is a book???

Q. What would be the first thing you would buy if you won the lottery?

A. More lottery tickets. Because who wouldn't want to win the lottery twice?

Q. What is the worst thing you did as a kid?

A. Missed a call from my mum. (still applies)
